

THE MISSION

Rally Point at Liberty Acres is being developed as a veteran-focused transitional community where housing, meaningful work, peer support, animals, and coordinated access to professional resources come together to help veterans rebuild purpose, stability, and independence.

WHAT WE ARE SEEKING

- Approximately **100-150 acres**; exceptional properties outside this range may be considered.
- Greater Rochester and Finger Lakes region, with priority in **Ontario, Wayne, Livingston, Monroe, and Genesee** counties.
- A **rural** or **agricultural** setting with substantial contiguous, usable acreage and room for long-term growth.
- Practical road access and utility availability - or a realistic path to extending utilities to the site.
- **Reasonable access to VA**, veteran, health, education, employment, and community resources.
- Existing barns, equine facilities, residences, or agricultural infrastructure are a plus, **but are not required**.

WHY THE LAND MATTERS

- Create a **transitional tiny-home village** designed around stability, accountability, and forward movement.
- **Support equine and animal-based programming**, meaningful work, peer connection, and hands-on opportunities.
- **Provide space for a community/resource hub** and partnerships that connect veterans with the services needed for long-term independence.

OPEN TO

- ◆ Purchase
- ◆ Long-term lease
- ◆ Land donation
- ◆ Estate or philanthropic opportunity
- ◆ Property leads & introductions

THE RIGHT PROPERTY DOES NOT HAVE TO BE TURNKEY.

We are interested in land with potential. A strong location, workable acreage, and a path to responsible development matter more than having every structure already in place.

DO YOU KNOW THE RIGHT PROPERTY?

If you own land, represent a property, or simply know someone we should speak with, we would be grateful for an introduction. We welcome confidential, no-obligation conversations.
